43 CFR 3600 -Mineral Materials

DECISION

Mineral Materials Site Inactive – Case Expired and Closed

The Clay Spring Free Use Permit (FUP) for extraction of mineral materials, sand and gravel, was authorized by the Fillmore Field Office, Bureau of Land Management (BLM), on March 18, 1984. The FUP pit is located near Clay Spring south of Garrison, Utah in Section 33 of Township 22 South, Range 19 West. The FUP authorization for this location was recorded as expired on June 15, 1994. The Bureau of Land Management (BLM) case file number for your FUP is UTU-72831. Please refer to this number in future correspondence.

A field inspection by a member of the Fillmore Field Office staff on June 8, 2012 found no evidence of extraction activity in recent years. The surface disturbance area is now covered with mature vegetation. The north rim of the pit location has a moderately steep highwall, but the site otherwise has adequate earthwork.

The case file for this Free Use Permit has therefore been closed. The BLM now considers the site to be adequately reclaimed.

If you have any questions, please contact Duane Bays, BLM Fillmore Field Office Natural Resource Specialist, at 435-743-3115, or Jerry Mansfield, BLM Fillmore Field Office Geologist, at 435-743-3125.

Sincerely,

A handwritten signature in dark ink, appearing to read "Michael D. Gates". The signature is fluid and cursive, with the first name "Michael" written in a larger, more prominent script than the last name "Gates".

Michael D. Gates
Field Manager
